Salt & Pepper Shakers

Fun for the whole family!

**Over 20,000 ...
and still growing!**

AS SEEN ON THE FOOD NETWORK!

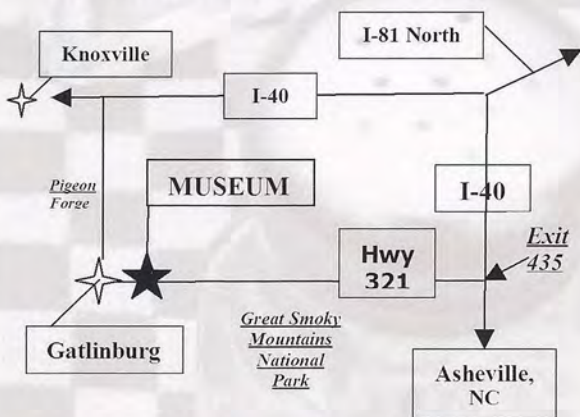

The collection consists of more than 20,000 pairs of Salt & Pepper Shakers from around the world.

“What I admire is the creativity of the people who made these containers for only Salt and Pepper. Very good artists have worked on the pieces, and they are a part of History.”
says Andrea Ludden, curator of the Museum.

Come and see shakers from the smallest to the largest, the cutest to the strangest. Bring your family and see if you can spot your set of Salt and Pepper Shakers. Which set does Grandma have?

The gift shop also has Salt and Pepper Shakers from around the world to start your own collection.

The Museum is located in Winery Square on Hwy. 321 in Gatlinburg, TN.

From downtown Gatlinburg, take stoplight #3 (Hwy 321) and head up the hill. We are across the street from Brookside Resort, next to the FlapJack Pancake House.
